PALBOARD® Print

Exceptional print quality on an ultra-smooth, durable surface, with excellent ink adhesion and greater rigidity than conventional foam PVC.

GREATER RIGIDITY. THINNER SHEET.

- Contains up to 50% recycled plastics
- Superior Print Surface
- Chemical Resistant
- Superior Strength
- Lightweight
- Easy to Fabricate
- Premium Solution

PALBOARD® Print | A quality alternative to 3mm foam PVC print media

PALBOARD® Print combines premium print quality, structural versatility, and sustainable design. Its high-grade rigid surfaces deliver a smooth, uniform face ideal for digital, screen, and UV printing. Clean colour reproduction, crisp detail, and excellent resistance to surface deformation make it a standout choice for retail graphics, POP displays, and branded environments. Its core is a lightweight foamed PVC structure containing up to 50% post-industrial recycled content. This reduces weight while maintaining rigidity for easier handling, installation, and overall project efficiency. Durable indoors and out, PALBOARD® Print resists moisture, UV exposure, and environmental stresses. This makes it a reliable solution for signage and display applications in a wide range of environments.

Typical Applications

- Digital and screen printing
- POP and retail displays
- Advertising signage
- Exhibition booth and display
- Shopfitting & Design

Colours

Colour	3D	2D
	White-White-White	White-White
	White-Black-White	White-Black

PALBOARD® Print Features

Print Surface Hardness - Durable | Dent resistant | Better Scratch Resistance
15% harder than foam PVC sheet

Structural Rigidity - Requires Less Frame Support
Up to 18% more rigid than 3mm foam PVC sheets

Uniform Surface - Superior Print Quality
Up to 85% smoother than foam PVC

Lighter Weight – Efficient Logistics
Weighs 1.24kg/m². Up to 30% lighter than 3mm foam PVC

PALBOARD® Print Sustainability

PALBOARD Conserving Resources	Made with up to 50% recycled content. 100% recyclable

PALBOARD® Print Product Availability

Dimensions	Thickness 2.0mm, 2.5mm	2050 X 3050 mm, 1220 X 2440 mm

Tested and approved by the world's largest digital printer and cutting systems manufacturers

AGFA · AXYZ · Canon COLEX · efi · hp · KONGSBERG · MUTOH · Roland
