PERSPEX

Distribution Ltd

Featured Products: Perspex® Cast Acrylic, Polycarbonate, Polyester, PVC, Polystyrene, Alupanel®, Bencore®, Rod & Tube

Semi-finished plastic products supplier, Perspex Distribution has launched its new product guide. The 216-page publication showcase's the wide range of products available including Perspex® cast acrylic, polycarbonate, polyester, PVC, polystyrene, aluminium composite and an exciting, new composite acrylic sheet as well as rod and tube. Keith Piggott, Managing Director of Perspex Distribution, commissioned the document to provide a useful reference for customers. Piggott explained that "the guide is designed to showcase our product range in an easy-to-use format helping customers to select what they need using concise copy and colour photographs of product applications". With complementary sections to identify product availability and technical information including properties and processing, the guide promises to be an essential reference for stockists, fabricators and designers alike.

For further information or samples of any of the featured products in this article, please contact your local Perspex Distribution branch:
