PERSPEX
Distribution Ltd

PICK A COLOUR,
ANY COLOUR

—

Perspex® acrylic is synonymous with creativity and eye-catching designs from promotional displays to engineering components.

Stocking hundreds of colour variants, Perspex Distribution has been the go to company for materials for over 20 years.

The beauty of Perspex® cast acrylic is the flexibility to enjoy a multitude of colours, effects, thicknesses and finishes.   No matter what colour you choose; each sheet will retain all of the exceptional quality performance characteristics of Perspex® acrylic, ensuring your designs can reach their full potential. As part of the UK manufacturing group of Perspex® Cast Acrylic, we offer unrivalled access to the UKs largest range of cast acrylic. Its versatility enables it to be bent, polished, cut, printed or illuminated to create the ideal finish.

Perspex® acrylic has been manufactured in the UK for over 85 years and this expertise includes our in-house colour experts, on hand to develop new colours and effects. Our product range not only follows technical innovation but we also track colour trends and fashions to develop new stocked colours.

BESPOKE COLOUR CREATION

Due to its unique manufacturing process, it is possible to create bespoke colours and effects in small volumes making unique projects achievable.

Many projects require a specific colour scheme, whether matching a pantone colour for a brand or looking to match a colour palette of a new range of products, versatility and variety are the key.

Our in-house colour laboratory is home to an ever growing library of colours; whatever shade you are looking for, our colour technologists are available to brand-match or create new and bespoke hues, tailored to your individual project requirements.

Light Transmission % Based on 3mm thickness.
T within product code denotes Constant Light Transmission.

Product information is subject to change. All colours shown are as accurate as the printing process will allow. We recommend that where an accurate colour sample is needed before placing an order for Perspex® acrylic, that you obtain a Perspex® acrylic sample. If you would like to order a sample of any of the colours shown here, you can now do this via our website at **www.perspex.co.uk.**

PERSPEX® CLEAR, OPAL & COLOUR

PERSPEX® CLEAR

Colour: Clear
Code: 000
Dimensions(mm): 3050 x 2030
Thickness (mm): 0-50
Light Transmission (%): 92

Colour: Opal
Code: 028
Dimensions(mm): 3050 x 2030
Thickness (mm): 3, 4, 5, 6
Light Transmission (%): 25

Colour: Opal
Code: 030
Dimensions(mm): 3050 x 2030
Thickness (mm): 3-15
Light Transmission (%): 67

PERSPEX® OPAL / WHITES

Colour: Opal
Code: 040
Dimensions(mm): 3050 x 2030
Thickness (mm): 3-10
Light Transmission (%): 46

Colour: Opal
Code: 050
Dimensions(mm): 3050 x 2030
Thickness (mm): 3-10
Light Transmission (%): 36

Colour: Opal
Code: 069
Dimensions(mm): 3050 x 2030
Thickness (mm): 3-15
Light Transmission (%): 9

Colour: Opal
Code: 1212
Dimensions(mm): 3050 x 2030
Thickness (mm): 3, 5
Light Transmission (%): <1

Colour: Opal
Code: 1T04
Dimensions(mm): 3050 x 2030
Thickness (mm): 3, 5
Light Transmission (%): 30

Colour: Opal
Code: 1T67
Dimensions(mm): 3050 x 2030
Thickness (mm): 3
Light Transmission (%): 21

Colour: Ivory
Code: 133
Dimensions(mm): 3050 x 2030
Thickness (mm): 3, 5
Light Transmission (%): 29

Colour: Yellow
Code: 229
Dimensions(mm): 3050 x 2030
Thickness (mm): 3, 5
Light Transmission (%): 19

Colour: Yellow
Code: 260
Dimensions(mm): 3050 x 2030
Thickness (mm): 3, 5
Light Transmission (%): 19

PERSPEX® SOLID AND TRANSLUCENT COLOURS

Colour: Yellow
Code: 261
Dimensions(mm): 3050 x 2030
Thickness (mm): 3, 5
Light Transmission (%): 29

Colour: Yellow
Code: 2252
Dimensions(mm): 3050 x 2030
Thickness (mm): 3, 5
Light Transmission (%): 21

Colour: Orange
Code: 363
Dimensions(mm): 3050 x 2030
Thickness (mm): 3, 5
Light Transmission (%): 4

Colour: Red
Code: 431
Dimensions(mm): 3050 x 2030
Thickness (mm): 3, 5
Light Transmission (%): 3

Colour: Red
Code: 433
Dimensions(mm): 3050 x 2030
Thickness (mm): 3, 5
Light Transmission (%): 2

Colour: Red
Code: 440
Dimensions(mm): 3050 x 2030
Thickness (mm): 3, 5
Light Transmission (%): 3

Colour: Red
Code: 4403
Dimensions(mm): 3050 x 2030
Thickness (mm): 3, 5
Light Transmission (%): 8

Colour: Red
Code: 4415
Dimensions(mm): 3050 x 2030
Thickness (mm): 3, 5
Light Transmission (%): 6

Colour: Red
Code: 4494
Dimensions(mm): 3050 x 2030
Thickness (mm): MTO
Light Transmission (%): <1

Colour: Brown
Code: 543
Dimensions(mm): 3050 x 2030
Thickness (mm): 3
Light Transmission (%): 0

Colour: Green
Code: 650
Dimensions(mm): 3050 x 2030
Thickness (mm): 3, 5
Light Transmission (%): 3

Colour: Green
Code: 692
Dimensions(mm): 3050 x 2030
Thickness (mm): 3, 5
Light Transmission (%): 21

YOUR LEADING SUPPLIER OF UK MANUFACTURED SUBSTRATES FOR SIGNAGE & PRINT

PERSPEX

Distribution Ltd

www.perspex.co.uk

Our UK Manufactured Products

- Perspex® Cast Acrylic
- Alupanel® Aluminium Composite
- Palight® PVC Foam
- Palsun® Polycarbonate
- Palclear® Solid PVC
- Marpet PetG

MADE IN THE UK
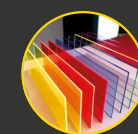

Perspex® Cast Acrylic
Hundreds of colour variants available from stock.

Palight PVC Foam
Premium PVC Foam with a pristine white print surface.

Alupanel Aluminium Composite
The only UK manufactured ACM including A-Lite for direct print.

Marpet-G PETg
UK manufactured PETg for print and fabrication.

PERSPEX® PEARLESCENT

Colour: Pearl
Code: 1PY1
Dimensions(mm): 3050 x 2030
Thickness (mm): 3
Light Transmission (%): 20

THERE'S MORE

We stock a large range of alternative coloured materials to create stunning vibrant projects.
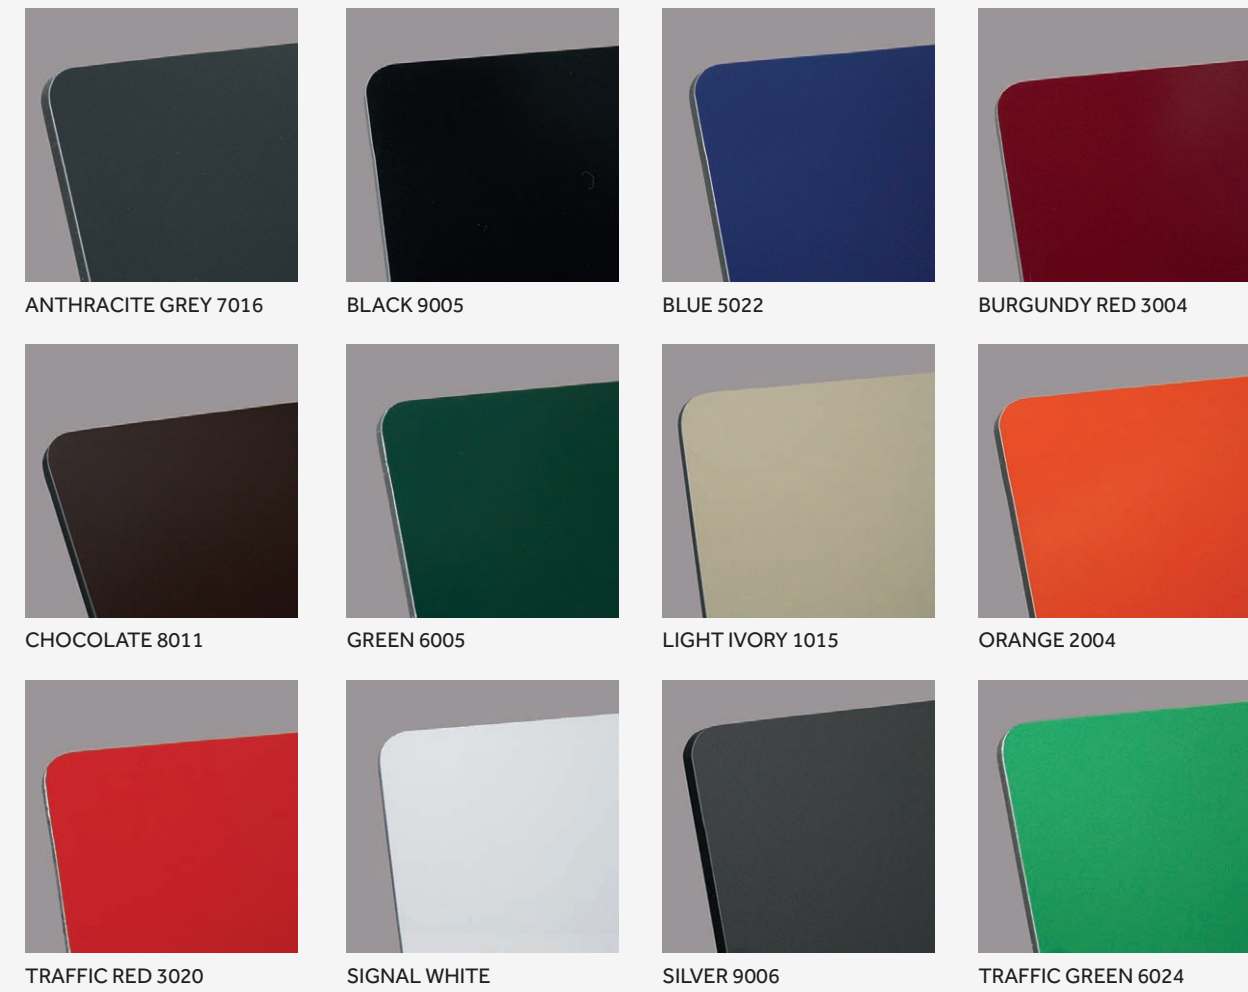

MADE IN THE UK

ALUPANEL® ALUMINIUM COMPOSITE

Manufactured in the UK's only Aluminium Composite factory, Alupanel® provides a versatile solution for signage and display projects. Consisting of a polyethylene core and aluminium skin, this rigid substrate provides the perfect background for any print job. Alupanel® is stocked in a wide range of colours with a dual sided gloss/matt finish for versatile display options.
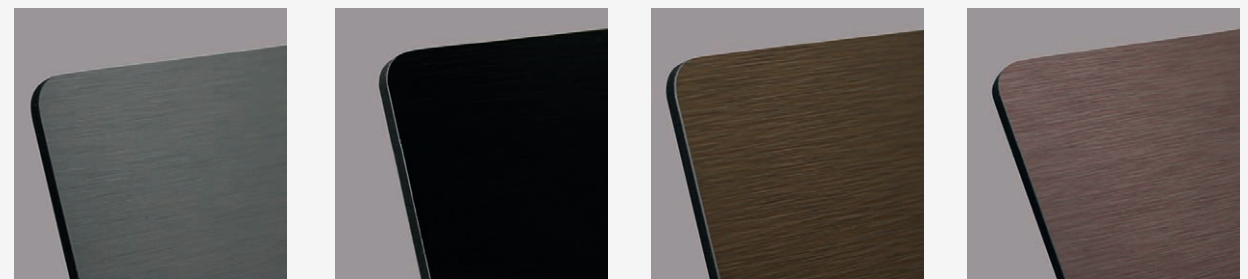

Alupanel colours are available in a 3mm thickness and sheet sizes 2440mm x 1200mm & 3050mm x 1500mm.

PLASKOLITE ACRYLIC MIRROR

Fabback coloured acrylic mirror sheet from Plaskolite.

At half the weight and five times the impact strength of plate glass mirror, acrylic mirror offers all the benefits without the associated risk of breakages. Made from extruded acrylic sheet, each mirror is protected by the industry's toughest, most durable backing.

All coloured acrylic mirror is covered by a protective laser cuttable film.

Standard sheet sizes 2440mm x 1220mm, 3mm thickness. Colour options are subject to change, please contact your local branch for availability.
