

# MULTISHIELD

galvanised steel composite sheets

A double-sided composite panel offering greater strength and rigidity, Multishield's galvanised steel sheets have two different coatings and are also receptive to magnetic media. Now available in either digital/digital or digital/whiteboard finishes.

Strong  
and durable  
galvanised  
steel

Strong & durable

Magnetically receptive surface

Whiteboard finish

Specially developed digital coating

5 year internal guarantee\*

# MULTISHIELD

Both sides of the panel have a flat, smooth, uniform surface, one side with a digital coating to help produce vibrant, colour-fast prints and the other side with a whiteboard coating.

Ideal for hoardings, whiteboards, printing and many other applications, the galvanised steel provides additional strength plus the versatility of a magnetically receptive surface.

Multishield panels can be fabricated, are strong, self-supporting and offer outstanding reliability with the backing of a 5 year guarantee\*.

## Applications:

- White boards
- Printing direct
- Sign making
- POS displays
- Transport
- Hoarding
- Industrial production

**MADE IN BRITAIN**
